

Summer Programs

PRESCHOOL/KINDERGARTEN

June 5-July 14, 2023

This summer program is designed especially for our youngest learners to build their classroom learning skills in a fun and engaging manner. Every Friday is “water day”, so they will not be missing out on enjoying their summer vacation.

Full-day and half-day options available.

GRADES 1-8 (in-person)

June 5-30, 2023

Students entering Grades 1-8 will have morning sessions reinforcing math and language arts concepts so that the “summer slide” does not set them back next school year. Sessions 3 & 4 are designed to appeal to students’ creative side as the dive into art, STEM, or music & drama.

HIGH SCHOOL (online)

**self-paced*

Students entering Grades 9-12 have a variety of courses to choose from to either get ahead by earning additional credits or to remediate for any lost credits. Courses are all online and allow students to work over the summer at their own pace.

**APPLY
NOW**
